

23rd October, 2021

Dear Church,

You may have heard the announcement from the government yesterday about how Covid-Policy changes will affect us all, including churches.

This does not change our position - Jesus said he is the Way, the Truth and the Life. We sometimes call him a "Waymaker", and we assure you that Activate Churches will also make a way to ensure all are always welcome.

We see these changes as opportunities for fresh creativity in building the Kingdom of God. If you missed the most recent [statement from our Eldership you can read that here](#). Our leadership team are continuing to work together to find the best ways to move forward and we will create an opportunity in the coming weeks to hear any concerns and keep you up to date.

Don't spend your days in fear.

Many Blessings,

Ps. Sheridyn Rodgers
