**We're  
building  
a legacy  
of hope.**

**Our vision is to build a community faith precinct in a modern, park-like environment that will meet the needs of our local community and activate transformation in their lives.**

Built on Christian values and around the pillars of faith, health, education, social services and social justice, the precinct will be equipped to meet their various needs as an expression of our mission: "Activating Community Transformation" by "Wherever, whenever - being like Jesus".

We are already well on the way to seeing this vision come to life. Our Activate family includes Activate Church, Activate Training Centre (Vision College), Community Link Trust, and Little London Medical Clinic. We see a precinct that is home to all these services and more, including fitness and recreation, childcare, performing arts facilities, a café and more.

We plan to scale and replicate this dream in other places around New Zealand.

*Wherever, whenever  
- being like Jesus!!*

# A place for the people.

## The vision is to build a community precinct for the people of Hamilton that:

- The local community will know as their's
- Will meet their needs with excellent quality services
- Will show a transformational impact across the entire community as lower crime rates, lower poverty rates, lower rates of violence, better health indicators, better employment opportunities - and a continuous increase of hope.
- Will demonstrate the love of Jesus as an outworking of his hands and feet.
- Each individual service will work to bring holistic transformation to communities that leave a positive legacy for generations to come.

*"a transformational impact  
across the entire community"*

### The Dream...

Delivery of top quality services  
Holistic care

Decreasing social issues

Increasing hope

Transformational impact on  
our city

A legacy of generational  
change

**Built on  
courage  
& faith.**

**We believe true hope is found in personal relationship with Christ** and that we have a responsibility to share the hope that we have. We believe this vision is God's own plan for the community that is made possible when we partner with Him in obedience, courage and faith.
